Neuro-Oncology for Children and Young People

In-Person Study Day

Thursday 20th October 2022

Aims: This study day will provide an overview of brain tumours in Children and Young People encompassing their treatment pathways. New and innovative opportunities for future treatments will be explored.
In the afternoon we will explore the issues around survivorship, long term effects and palliation and will be able to share the experiences of patients and their families.

Audience: This study day would be perfect for medical, nursing and allied health professionals with an interest in caring for children and Young People with Brain and Spinal Tumours. No previous experience is required and would be of interest to healthcare staff who may care for these patients.

Cost:
£100 Early Bird Rate *ends in August 2022
£120 Standard Rate

Venue:
National Army Museum
Royal Hospital Rd, London
SW3 4HT
