Day 1 - Thursday 16th December 2021 Interventional Approaches for Cancer Related Pain

The aim of this day is to define the role of interventional approaches in the treatment of cancer pain.

Day 1 Programme – Thursday 16th December 2021 Interventional Treatments for Cancer Pain

- 09:55-10:00 **Welcome and Introduction**
- 10:00-10:30 **Future Opportunities for improved outcomes for oncological patients**
Speaker tbc
- 10:30-11:00 **Radiotherapy – a pain double-edged sword**
Dr Gillian Ross
Consultant Radiotherapist
The Royal Marsden NHS Foundation Trust
- 11:00-11:30 **Vertebral augmentation for the oncological patients**
Speaker tbc
- 11:30-12:00 **Endoscopic neurolytic coeliac plexus block – what patients might benefit?**
Dr Darina Kohoutova
Consultant Gastroenterologist
The Royal Marsden NHS Foundation Trust
- 12:00-12:15 **Q&A**
- 12:15-12:45 **Break**
- 12:45-13:15 **Electrical neuromodulation; best evidence and experience in oncology?**
Dr Adnan Al-Kaisy
Clinical Lead and Consultant in Pain Medicine and Neuromodulation
Guy's & St Thomas' NHS Foundation Trust
- 13:15-13:45 **Neurosurgical treatments for cancer pain; what patients could benefit?**
Mr Erlick Pereira
Consultant Neurosurgeon
St George's University Hospitals NHS Foundation Trust
- 13:45-14:45 **Bisphosphonates and corticosteroids for cancer pain**
Dr Jayne Wood
Consultant in Palliative Care
The Royal Marsden NHS Foundation Trust
- 14:45-15:15 **Intrathecal medications choices; combination therapy/ziconotide**
Dr Simon Thomson
Consultant in Pain Medicine and Neuromodulation
Basilston and Thurrock University Hospitals NHS Foundation Trust
- 15:15-15:30 **Q&A and closing remarks**

The content will be available online for 30 days after the event

Day 2 - Friday 17th December 2021 Acute Pain and Persistent Post Surgical Pain

This study day outlines the latest treatments in acute pain. Speakers will present the latest treatments in acute pain and will present the evidence-base for these treatments.

Day 2 Programme – Friday 17th December 2021 Acute Pain

- 09:55-10:00 **Welcome and Introduction**
- 10:00-10:30 **Chronic opioid use after cancer surgery: implications for future management**
Dr Richard Gordon-Williams
Consultant in Anaesthesia and Pain Medicine
The Royal Marsden NHS Foundation Trust
- 10:30-10:55 **Breast Cancer Surgery: pain expectations and outcomes**
Ms Fiona Macneill
Consultant Breast Surgeon
The Royal Marsden NHS Foundation Trust
- 10:55-11:25 **COVID-19 pandemic; implications for acute pain management**
Dr John Shutzer-Weissmann
Consultant in Anaesthesia and Pain Medicine
The Royal Marsden NHS Foundation Trust
- 11:25-11:45 **Q&A**
- 11:45-12:15 **Break**
- 12:15-12:45 **Enhanced recovery after surgery: evidence in oncological patients**
Dr Matthew Brown
Consultant in Pain Medicine and Anaesthetics
The Royal Marsden NHS Foundation Trust
- 12:45-13:15 **Treating chemotherapy induced peripheral neuropathy; latest advances**
Dr Paul Farquhar-Smith
Consultant in Anaesthesia and Pain Medicine
The Royal Marsden NHS Foundation Trust
- 13:15-13:45 **Advances in pain control for children and adolescents**
Professor Suellen Walker
Professor of Paediatric Anaesthesia and Pain Medicine
Great Ormond Street Hospital NHS Foundation Trust
- 13:45-14:15 **Does prehabilitation improve outcomes in surgical patients?**
Dr Don Milliken
Consultant Anaesthetist
The Royal Marsden NHS Foundation Trust
- 14:15-14:45 **Exit strategies from controlled drug therapies**
Professor Roger Knaggs
Associate Professor, Pharmacy, Nottingham University
- 14:45-15:15 **Total intravenous anaesthesia vs volatile gas; effects of anaesthetics on metastatic disease**
Dr Tim Wigmore
Consultant in Intensive Care Medicine and Anaesthesia
The Royal Marsden NHS Foundation Trust
- 15:15-15:30 **Q&A and closing remarks**

The content will be available online for 30 days after the event
